

## FROM THE DESK OF JUDD SHADER, CEO

### STARTING TO RUN!

It's hard to believe we're kicking off Q2 already and are 4 months into the year. You have heard me talk a lot about "**Running Full Speed Ahead**" over the past few months and what that means. If it isn't from me directly, hopefully it's from another one of our team members in the organization. There isn't a day that goes by that I do not mention this in a meeting, in passing, or in conversation and I advise us all to do so in the way we attack our days, full speed ahead.

You will continue to see this theme coming to fruition throughout the year. It may be in the upgrading of the IT platforms and computer hardware, the implementation and role-outs of MT20 in LWG Midas stores, the strengthening of our Regional Leadership team with the new layer added in, to a bigger and stronger office location for our growth initiatives. It is, and it will be, present in everything we do as we build off the foundation that has been so solidly laid by each and every one of you. Now is the time to build!!!

We will not rest on "just being good" as we truly are "Full Speed Ahead" in how we attack our days and channel our thought process in the ways that we operate through accountability, process, energy, and growth in all areas.

I could not be more excited for what's to come - hold on tight, and "**Full Speed Ahead!**"

Cheers,

*Judd Shader*

## BRENDAN LABARRE

Midas Norwalk, CT - Store Manager

This month, we are spotlighting our team member Brendan LaBarre, Store Manager at the Norwalk, Connecticut shop. Brendan has been with LWG since December 2014 - beginning at the Stamford, CT shop, then Fairfield, CT and now the GIANT Norwalk, CT location.

Brendan was born in Woomera, Australia on an Air Force Base. He moved to Connecticut as a child, and grew up with a passion for re-building mini bikes and small motorcycles. At age 19, he began working for a local Speed Shop selling race parts and truck accessories. He ended up buying the business and running it on his own for over 12 years.

Brendan has proven to be an incredible leader, having managed 3 of the 4 stores in the district with consistently strong sales growth. He has received countless annual Leeds West Groups awards, such as the 'Pride of Midas', 'Top Shop', and 'Top Sales 800K'. He attributes his success to the mentality of "I can always do better", consistently pushing himself to never stop learning, and always pushing forward.

In Brendan's spare time, he enjoys spending time with his family and working on house repair projects, or his classic Camaro. Brendan's family being the most important to him. Brendan states, "I've been in this industry over 23 years, and every day I take pride in what I do. Everything I do, I devote to my beautiful wife Dannielle, and 2 wonderful daughters Brittany and Allyson – they are my rock."

Job well done showing what drive truly does Brendan. Keep rocking it - Full Speed Ahead!

# SHOP SPOTLIGHT

## MIDAS STETSON HILLS – COLORADO SPRINGS, CO

This month we turn the focus on the Midas store located on Stetson Hills Blvd in Colorado Springs, Colorado. This Midas shop has been recognized as a top performing location not just within LWG, but within the whole Midas family nationally! They recently recieved the award of 'Top Shop Sales' along with being the first shop to have an employee – Troy Ewald win the award for 'Million Dollar Club'.

According to Store Manager Rusty Lamborn, these accomplishments have been possible by three specific characteristics. Rusty states, "I attribute my shop's success to my highly driven staff, maintaining high shop morale, and a crew of employees willing to work as a team. I truly believe these are the three pivotal characteristics necessary for running a smooth, and successful shop. When you focus on building a team atmosphere, it leads to highly driven employees which in turn, really radiates to the customers. I do everything I can for my crew and they offer me the same respect."

Between the positive mentality, team effort, and highly driven staff – this has enabled the crew to build a very strong clientele base with a focus on retention. In many instances, the technicians have just as close of a relationship with customers. Rusty states, "When a customer is able to put a face to the Technician working on their vehicle, it really adds to the 'Above and Beyond' persona we all strive for in this company. With over 60 combined years of experience, I can't speak highly enough of my crew. They truly care about every customer, and truly strive to ensure every car is handled correctly."

Way to go Stetson Hills, keep up the amazing work!
